

# Hills Sculptor Knew Carnera As Youth in Italy

---

RAPID CITY, June 29—(AP)—L. Del Bianco, Port Chester, N. Y., an Italian sculptor working on the Mount Rushmore Memorial in the Black Hills, under Gutzon Borglum, is particularly interested in tonight's fight between Jack Sharkey and Primo Carnera, giant Italian.

Del Bianco and Carnera were friends in Italy before either of them came to America, and when the fighter arrived in this country, Del Bianco was one of the first persons to greet him.

At the Rushmore Memorial Del Bianco has a lifesize cast that he once made of the doubled fist of Carnera. He has had to explain to many curious visitors that it is a fist of Carnera, and not a sledge hammer.
